EDUCATION

Sir Syed University of Engineering and Technology
Bachelor of Science in Computer Science

Oct 2022 - Present

Govt. Degree Science & Commerce College
Intermediate

Jun 2020 - Jun 2022

WORK EXPERIENCE

Nexium – AI-Enhanced Web Development (Intern)

July 2025- Aug 2025

- Engineered AI-enhanced web applications with Next.js, Tailwind CSS, and Supabase, **streamlining data processing workflows** and **improving end-user task completion speed by 40%**.
- Developed secure, scalable authentication and database architectures with Supabase and MongoDB, **increasing system reliability and uptime to 99.9%**.
- Automated end-to-end AI workflows, **reducing manual interventions** and **enabling rapid scaling**.
- Designed and implemented responsive, animation-rich UIs using Framer Motion and ShadCN UI, **boosting user engagement metrics by 50%**.
- Integrated Generative AI APIs for intelligent quote generation, **automating content creation** and **reducing manual quote sourcing by 75%**.
- Developed AI-powered resume tailoring features that analyze user input and generate optimized resumes, **improving personalization** and **reducing manual editing time by 45%**.

PROJECTS

- NexiumQuotes** – Developed a JavaScript web app to display motivational quotes from an array; increased user engagement and daily interactions by 30%.
- InspireGPT** – Optimized NexiumQuotes by integrating Google Gemini API to fetch quotes dynamically; automated content creation and boosted quote generation speed by 80%, improving overall user satisfaction.
- Nexium Summarizer** – Built a web app with static logic for pre- defined blog URLs; stored URLs, timestamps, and user info in Supabase and full blog content in MongoDB, enabling persistent summary retrieval and improving user workflow efficiency by 45%.
- Task Manager Dashboard** – Developed a secure full-stack web application for personalized task tracking; implemented PHP sessions for authentication and MySQL prepared statements for data persistence, enabling secure CRUD operations and eliminating SQL injection vulnerabilities.

PROFESSIONAL CERTIFICATIONS

LAMP Stack Developer
(People's Information Technology Programme)

Git/GitHub Masterclass
(ACM SSUET)

ADDITIONAL

- Technical Skills:** HTML, CSS, JavaScript, PHP, MySQL, ReactJS, Tailwind CSS, NodeJS, NextJS, MongoDB, PostgreSQL, Git/GitHub, Vercel/Netlify, n8n, Python (NumPy, Pandas, Matplotlib, Scikit-learn), Jupyter Notebooks
- Interests:** Participating in or leading AI-driven web development projects.
